## Council Authorizes Work On Plans To Improve Water

The city council authorized consulting engineers Russell and Axon of Ft. Lauderdale to proceed with plans for the water improvement program during their regular session Wednesday.

George Russell reported that one test well near the dike showed promise of furnishing a water supply for the city. The well water would be more consistent in quality and would be easier to treat. Russell also explained that a mixture of well water and lake water could be more economically treated.

The authorization for plans and specifications was made subject to next year's budget being approved. If the referendum for the permanent bonds does not pass, the cost of the plans and specifications will be paid from the water department surplus.

The council also authorized the payment of \$12,372 to Russell and Axon for work already completed which included the purchase of a water meter and the improvement program up to date with revisions and additions.

Russell told the committee that if a 500,000 elevated storage tank and a distribution system was included in the program, the amount would be around \$300,000 and thus push the bond issue over the \$2,000,000 mark.

Costs for the distribution system could be minimized if the city did its own work in the distribution system. South Bay's anticipated water improvement would decrease the expected revenue of the local water department. The council asked that the situation be discussed with South Bay to determine a course of action.

South Bay uses two million gallons of water per month for a cost of over \$6,300 last year. Next year's estimate is that South Bay will pay nearly \$7,500 in water bills.

Bids for the fiscal agent on the \$2 million dollar program were opened and turned over to the city manager, Russell and Axon and city attorney for the recommendations at the next meeting.

**Other Action**  
A heated 45-minute debate over appearance bonds occurred when city manager Clarence Robinson presented a schedule of appearance bonds setting fees to be charged for each offense as requested by the city commission.

The council split on whether the schedule was what was needed and wanted. The attorney and the councilmen apparently cleared up the differences after the meeting; however, the council refused to comment on what was actually wrong during the meeting.

Bondsman Randolph Livingston addressed the council during the debate when he asked if they wanted to know what was wrong with the bonding procedure at present.

## Killed M. Parker Killed Monday In Boat Mishap Here

Kallice L. Parker, 48, a commercial fisherman, was killed early Monday morning when his boat collided with another in the intercoastal waterway channel about one-half mile north of Elm's Fish Camp on Lake Okechobee.

J. P. Joseph R. Cherry said the Parker craft, traveling south, was struck by a boat piloted by David Anderson of Belle Glade as it traveled north at a high rate of speed.

Anderson and his passenger, Kenneth Bass of Belle Glade, were not injured. Cherry said the boat had been placed against them.

Parker was struck on the head by a piece of debris as the left side of his craft was ripped apart by the bow. He suffered a fractured skull and a lacerated lung. He was taken to St. Mary's hospital in Ft. Myers and died at 11 p.m. Friday. Burial will be in Fort Myers cemetery.

## J. Graber & Sons Install Radish Packaging Units

The firm of Jacob Graber and Sons has installed two new radish packaging machines at their packing house here which replaces manual labor for packaging and sealing bags.

The machines first in operation Friday at the plant will replace some 15 workers, according to Don Aspey, spokesman for Graber.

The machines, manufactured in Sheboygan, Wisconsin, are called "Compaks" and pack either 6 or 8 ounce plastic bags at the rate of 40 to 60 per hour, depending on the size of the radishes.

The machine also weighs the radishes and are accurate to one eighth (1/32 of an ounce). The Compak drops radishes into the plastic bags and seals them in about the same time as the manual method; however, one man can operate both machines on a 24-hour basis without breaks if necessary. Two or three women could be required to pack the finished product.

The process from field to consumer can be effected in approximately 72 hours. The machines were developed last year and weigh 5,140 pounds, standing 12 inches high and measuring 56 in. by 35 in. at the base. All parts are of stainless steel or aluminum.

Thus, in a step towards automation, the radishes are taken from the field after being automatically picked and topped, dumped into a grinder and washed before being placed into four hoppers above the machines. One machine works for two hoppers.

Similar machines have been developed for other food industry packing to pack coffee, beans, the candy, cereal, soup, rice and a host of other items.

## Dr. Crech Attends Educational Seminar

Dr. R. Y. Crech, Jr., Optometrist, attended an educational seminar in Tampa Jan. 22 and 23, covering Orthoptics and Amblyopias and Periodic Strabismus.

## Rams Drop Thriller Cage Fracas 77-74

By JACK McCASKILL  
In a basketball thriller that had some 300 fans in stitches and the local crowd roaring, the Belle Glade Rams dropped a squeaker to the Ft. Myers Green Waves here last Saturday night, 77-74, after two overtime periods.

The Rams play Pahoehoe's Blue Devils here tonight and Pompano here Saturday.

There will be a 5th grade midweek basketball game between halves of the Pahoehoe game. After a relatively calm first half which saw the Green Waves return to the floor with a 28-27 lead, the game developed into a high-scoring affair characterized by some fine team play and accurate shooting.

There never was more than a three-point lead by either team. With 10 seconds to go, Ft. Myers made a field goal which apparently put them in the lead 77-74. But with the final buzzer going, P. Jones sank a field goal from the high arc to overtime at 65-65. Ft. Myers made a last ditch basket to tie the first overtime period at 71-71 which sent the game to the second extra stanza where the Green Waves won.

Larry Gleson, uncanny sharpshooter for the visitors, scored an amazing total of 43 points which will keep the fans talking for months to come.

For the Rams J. P. Jones hit 22, Johnny Thomas 19, and Billy Jackson 17.  
The Green Waves also kept the opener, a "B" team match by the score of 32-21. Howard (Continued on Page Eight)

## New 9 Mile Bend Project Expected To Begin Shortly

Bids for construction of building additions to pumping station 5A at 20 mile bend and control structure 5A-X on Cross Canal (Ocean Canal) were opened Jan. 19 in the Jacksonville district office of the Corps of Engineers.

Crabtree Construction Co., Inc. of West Palm Beach, was the apparent low bidder with a bid of \$54,483.16. Both structures are a part of the C&SFFC project.

The building addition will be a reinforced frame concrete masonry structure measuring about 41 by 28 feet to be placed at the southwest end of pumping station 5A. The addition will be used for warehouse space and will be connected with electrical and other facilities of the existing main building.

Structure 5A-X will be a 4-barrel, bituminous coated, 72 inch corrugated metal culvert with earthenwork abutments located in Cross Canal between Hillsborough and West Palm Beach canals along U.S. 441.

Each barrel will be equipped with an individual slide gate at its westerly end operated from a common overhead service platform mounted on treated dike piles.

The structure will normally separate the drainage areas of the two canals connected by Cross canal, but gate operation will enable flow from one to the other when desired.

The site of structure 5A-X is near the bend in Cross canal, about four miles east of its intersection with Hillsborough canal near 9-mile bend.

Pumping station 5A, to which the building addition will be made, was dedicated last March. It is the world's largest low-lift pumping station capable of removing over two million gallons of floodwater a minute from the agricultural area between it and Lake Okechobee.

Navigation On Lake May Be Curtailed By Low Level Expected  
Navigation interests have been noted by the Jacksonville district office that navigation on the Okechobee waterway may have to be curtailed for the next few months.

The federal navigation project is normally 8 feet deep except in extremely dry periods. The depth of water in the navigational canal is based on the lake surface elevation of 12.56 feet above mean sea level.

Drought conditions for the past several months have reduced lake levels to below normal. The depth of water in the navigational canal is based on the lake surface elevation of 12.56 feet above mean sea level.

If rainfall is normal during the next five months, the lake could be expected to drop as low as 11.8 feet.

The navigable depth would thereby be reduced to 7.24 feet by June 1 after which the level should be raised by summer rains.

If the next five months are as dry as the past few months, the lake could drop to 10.5 feet, reducing the navigable depth to 5.94 feet by June 1.

Need Help?  
Lee L. Smith, manager of the Employment Service here, said this week that there were numerous applications on file in the local office for clerical positions.

Anyone interested in obtaining the services of either of these classifications, contact the Service at 41 SE Ave. D or telephone 3067.

## Richard A. Poston Named Assistant

Richard A. Poston was recently appointed assistant to the president, Hugh J. Bratley, of Everglades Federal Savings and Loan Association, here, after having started here as loan collection officer in July of 1955.

Poston, 33, attended Palm Beach schools and is a graduate of University of Florida with a major in real estate appraising.

He served three years in the Marines, seeing duty in the South Pacific.

Poston's business background includes four years in Coca-Cola, Florida with the Trafford Realty Company as manager of the mortgage department, and he also helped to organize the Coca-Cola Federal Savings and Loan Association.

Poston worked in West Palm Beach and Riviera Beach with his brother and father, A. A. (Barney) Poston, former county commissioner, in the real estate and insurance business.

He is married to the former Miss Beverly Ellsberry and they have two children, Dick, 12, and Leah, 9. They make their home at 624 SE First St.

Poston is a member of the Methodist Church, Lions Club, Jaycees, American Legion, and VFW.

## Slaughter Prices Steady To Lower At Glades Market

Slaughter prices for steers and heifers were about steady compared to last week's sale at the Glades Livestock Market here while prices received for calves, cows and bulls were lower.

Combined sales this week had 485 cattle selling for \$32,297.50. Monday's sale consisted of 457 cattle selling for \$30,809.02 offering 93 calves, 14 yearlings, 46 heifers, 115 cows, 165 steers, 24 bulls with 65% of the pounds and 69% of the dollar going to slaughter.

Wednesday's sale had 28 cattle consisting of 21 yearlings and 7 cows with 79% of the pounds and 76% of the dollar going to slaughter.

The annual Mother's March of Dimes campaign has been scheduled for 7 p.m. Monday evening in the Belle Glade area.

Mrs. Howard Payne, general chairman of the Mother's March of Dimes drive teams will begin their house to house canvass, both in the city limits, the private home, 6-8 camp, Chosen and the Experiment Station for the one night only.

Members of Beta Sigma Phi chapter will be looking for lighted porch lights, a signal to the solicitors that someone wants to make a donation.

Firemen have placed collection boxes in the stores.

## USDA Issues First Survey Of Damages Due To Freeze Here

A special vegetable report on crop damage for the period 1-15 January has been compiled by J. C. Townsend, Jr., agricultural statistician in Orlando.

This report in general terms attempts to evaluate the effects of the cold period on the production of winter vegetables. Early reports of this type are largely based on industry opinions and as such are subject to considerable variation.

The winter snap and pole bean crop was severely damaged. In the Pompano section volume may be reduced 60-70% in the next few weeks. In the Everglades area estimates run 75-80% loss.

Replanting beans should be ready for harvest in late February. Reduced yield prospects on the winter cabbage crop are reported. Winter vegetable crops of the overall reduction will be around 25%.

Damage to the cauliflower crop has been severely retarded on growth and reduced yield on near maturity and maturity crops.

Practically no loss of celery acreage has been reported and most of the acreage came through the cold with little or no visible damage. Yield on celery harvest during the next four to six weeks may be reduced 10-15%.

Winter sweet corn crop in South Florida was drastically reduced. In the Glades 60-70% of the crop for winter harvest is lost.

Most of the acreage which escaped damage was young. In the Pompano district estimates reveal that one-third of the crop was lost. In Dade county the reduction should be 50%, according to Mr. Myers area 15-80%.

Immokalee possibly 40%. Escarole and Chitchoy had varying degrees of damage with Escarole estimated to be 40% complete loss or reduced to Zellwood.

The cold caused considerable loss to the volume of mature crops of iceberg and Boston lettuce as well as Romaine. The Glades suffered the most extensive loss of matured supplies of these crops are in prospect for about the next six months.

## Supply Of Beans Is Lighter, Radishes; Others Plentiful

This week radishes appeared to be in liberal supply in this area, while beans, cauliflower, iceberg lettuce, peppers and squash were in light supply. Beans were expected to become lighter in supplies as existing quantities were used.

Cabbage, celery, corn, escarole, endive, romaine and potatoes were in moderate supply. In Pompano market movement has fluctuated from a low of 72 to 192 per day and averaged over 120 this week. Last year's daily average for the same period was 130 or more.

Demand and price situation this week as reported by the Market News Service are as follows:

COUNTY SAVINGS BOND AVERAGE 9% HIGHER

County sales goals for 1956 for savings bonds will average 9% more than last year, according to Edward M. Lively, chairman of the Belle Glade savings bonds committee.

"Florida achieved a place of distinction in the records of savings bond purchases in 1955," he said.

"Our state produced a volume of savings bond purchases high in the list of the first 10 states, both with respect to the rate of

increase over 1954 and also as to the percent of the Treasury Department's assigned quota. Total purchases for the calendar year were \$80,299,400, nearly \$4 million and 5.1% more than the \$76.4 million goal allotted to us," he added.

## Local Children Do Bit For Palsy Fund

Two groups of children in the community did their bit to swell the Cerebral Palsy Fund last Sunday. The children formed the idea themselves to make door to door calls.

In the Northmoor section of town the Kaufman children, Stevie, Ferrell and Chip and Iris Blum collected \$72.00 in several hours for the benefit of those suffering from palsy.

In the southeast and adjoining sections of the community Beverly Kirkland, Sharon Bair, Kay Cross and Richard Barrett collected donations of \$44.25.

The children wish to thank everyone for their kindness in donating to such a worthy cause.

**Political hot potato:** The problems arising over the mythical 5,000 workers out of a job in the Glades. Seams WPB folks got anxious about helping. At least two local groups which have been hushed for a time being.

Look for something to be done next month about the part of the elementary school which is falling apart. The building, condemned four years ago, is still in use. The problem crossed the commission table recently, so look for action. (Officials don't want to talk about this, either.)

Word has been received by Mr. and Mrs. Joe Friedheim that their son, Lt. J. M. Friedheim, has graduated from jet pilot training school at Greenville, S.P.B. Miss. He is being transferred to Monahan AFB, Arizona, where he will attend strategic air command school.

## HI SCHOOL NEWS

**By FRANCES SLOAN**

At the close of the magazine drive, Monday, the 1955-56 Junior Class had set an all time high record of \$2,192.18 worth of sales. The class' goal was set at \$2,100.00, which they broke just before the last day. Last year's Junior Class set a record, only to be topped by this year's Junior Class by \$92.00. Last year's record was broken after only the sixth day of the drive, this year.

The top five salesmen and women are as follows: Jeanne Crews, \$287.80; Alma Ann McClure, \$281.45; Norma Nell Stirling, \$272.02; Sarah Ann Norman, \$108.87, and Charles Royals, \$91.92.

Jeanne Crews and Alma Ann McClure, for being the two top saleswomen, were awarded by the Curtis Circulation Co., a large stuffed animal.

The class did a marvelous job this year, and the money that they made stays entirely in the school. It goes for the financing of the Junior-Senior banquet and prom, and the remainder of the money is spent for something the class leaves to

## Kid Day

If you happen to drop by the high school, Thursday, don't leave, thinking you have the nursery school by mistake; because you see a bunch of grown kids dressed in short dresses and pants and carrying guns and dolls. It's merely the seniors having their annual "kid day."

Boy, classes ought to be fun that day! We can act just like we always do and no one can legally tell us to "grow up."

About 12:00, all seniors and sponsors will board a "greyhound" school bus and head for Paradise Park, where they will enjoy a picnic lunch and playing on the see-saws, slides, and other amusements. Sponsors going with the children are Mrs. Opal Dix, Roy Litchfield, and Harris Francis.

## National Bank Here Votes First Capital Increase Since 1941

The first increase in bank capital here and two executive promotions were accomplished at the annual shareholders meeting of the Florida National Bank at Belle Glade Jan. 18.

J. F. Wooten, cashier, was promoted to vice president and R. E. Tucker was made cashier from assistant cashier.

Re-elected as bank directors were Ed M. Lively, Belle Glade, president; E. M. VanLandingham and Mrs. Ruth Wedgeworth, Belle Glade; E. E. Kelly, Clewiston, and Dean S. Campbell, Miami.

The stockholders voted to increase the bank's capitalization to \$100,000 from \$80,000. This is the first increase of its kind since 1941 when the bank was founded.

The bank now shows surplus of \$100,000 and undivided profits and reserves of \$82,706.

Henry O. Earwood, New York Life Insurance Company agent here, attended the official public opening of his company's new offices in Miami, Jan. 18.

The public opening was an all-day event with special ceremonies at the new office in the Colonial Building, 1001 S. W. 1st St., there in the afternoon. Earwood is a representative of the Miami branch office.

**One take-off for traffic - and two for the road**

You ought to try Variable Pitch Dynaflow Now!

The light is red and you're ready. It flashes green and you go—but quick.

And that's when you discover the Number One Buick now—about Buick's new Dynaflow . . .

That it gives you brilliant new getaway response for city and on any sort of throttle.

That it gives you the best of both worlds—switch the pitch of this airplane-principled transmission. (And think of the big gas savings that means!)

Next comes the Number Two discovery—out on the road.

For here—still without switching the pitch—you have plenty more nimble acceleration to surge or spurt ahead, to climb hills, to do with almost effortless ease all the things normally called for by highway driving.

But comes an emergency—the need to get out of a tight spot—and you discover the Number Three news . . .

That you can do what a pilot does. That you can switch the pitch of your Dynaflow blades—just by flooring the pedal. And that you get, instantly, a full-pitch take-off from cruising speed on electrifying burst of acceleration—the most thrilling safety measure on four wheels today.

This is performance too good to pass up—and you really ought to try it.

It's performance sparked by the whispered might of big new 332-cubic-inch V8 engines raised to record highs in power and compression.

It's performance that goes with the best side yet, the best handling yet, the best interior yet, the best styling yet—and, literally, with the best Buick yet.

Come in and see—and be shown—and learn, in the doing, about prices that make these '56 Buicks the best Buick yet.

\*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick blades today; it is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## The Ralph Kirks Have New Home Dedication

Dedication of their new home in Indian Mound, Miss., held by Mrs. and Mr. Ralph Kirk last Sunday afternoon at 4 p.m.

The dedication was opened with a song, "Blest Be the Tie That Binds." Rev. W. W. Malcolm, pastor of the First Baptist Church, spoke briefly on the values of christian homes and how much they meant to the community. He then gave white lighted tapers to Mr. Kirk and designated the tapers held by Mrs. William and Mrs. William Ralph, Jr., as Faith, Love and Loyalty.

Arrangements of gladioli were used throughout the house and an arrangement of lily of the valley graced the coffee table.

The serving table was overlaid with a lace cloth and held a crystal punch bowl, Mrs. Herbert Tillery and Mrs. A. E. Kirchman served punch and Mrs. Luther Jones assisted.

Wendell Carpenter, Music and Education director of the church, presented four girls, Shirley Colby, Mary Lou Pitts, Bonnie Williams and Martha Davidson, who sang, "Miss Colby and Mr. Carpenter also sang a duet."

Others present were Mrs. Kirk's mother, Mrs. Pearl Teague, Mr. and Mrs. C. J. Aspey, Mrs. U. W. Malcolm, Mr. and Mrs. W. McAllister, Mr. and Mrs. Walter Schlechter, Mrs. Irvin Zumpf, Mr. and Mrs. Eddie Schoeppe, Mr. and Mrs. Woodrow Wilson, Mrs. E. H. Rogers, Mrs. Vernon Jones, Mrs. Grady Edwards, Mrs. C. T. Pennington, Miss Betty Pennington, G. E. Evans, Mr. and Mrs. Jack Royals, Mrs. Norfield, Mrs. Hazel Litchfield, Mr. and Mrs. Pat Brent, Miss Martha Brent, Mrs. W. Knight and children, Sammie, Stevie and Sherry; Mrs. Junius Harris.

Out of town guests were Mr. and Mrs. John Kirk and children, Jimmy and Linda Sue, of West Palm Beach; Mr. and Mrs. Franklyn Stallings and her mother, Mrs. B. J. Oborski of Miami; and Mrs. Shipley Cotten of Clewiston.

## Robbie Parrish Has Birthday Celebration

Mrs. Clyde Parrish entertained last Friday afternoon, from 4:30 to 6:30 on the occasion of her son Robbie's 11th birthday at her home on N. W. Ave. F. The guests played outdoor games and prizes were presented to Bonnie Jean Anderson and Wayne Wood.

The group enjoyed a ham, burger fry and birthday cake, and then gifts were opened and displayed.

Other guests were Margo Averill, Anna Marie LaChance, Barbara Stone, Bobby Kent, Tommy Cook, Dick Wiley, Doris Muller, Frances Ball, Jimmy Davidson, Maryn Collins, Hugh Spooner, Billy Weeks, Patty Tryon, Patty Webster, Richard Barrett, Johnny Whittemore, Frank Rieder, Cherry Pratt, Cherry Dupont, Michael Berryhill, Kent Bell, Kenneth Roder, Elton McCaskill, Jack McCaskill, Sammy Hunter, Robin Davis, Doodle Davis and Petie Parrish. Assisting the hostess were Mrs. S. N. Knight and Mrs. R. M. Davis.

## Forsee Home Scene Of Evening Coffee

Mrs. W. T. Forsee, Jr., entertained at a coffee last Friday night at her home on S. E. Ave. F so that the wives of the Experiment Station personnel might get acquainted with newcomers, Mrs. Howard Burdine, Mrs. Emmett Harris and Mrs. Julius Winfree.

Refreshments of cookies, and crackers with spreads and coffee were served.

Calling during the evening were Mrs. Charles Seale, Mrs. Emil Wolf, Mrs. William Scheffler, Mrs. Dan Beardsley, Mrs. Victor Guzman, Mrs. Dallas Neble, Mrs. R. W. Kidder, Mrs. Herbert Chapman, Mrs. Victor Green, Jr., Mrs. William Wall, Miss Sue and Pat Geer, Mrs. R. F. Burr, Mrs. Robert Allen, Jr., Mrs. John W. Taylor, Mrs. Tom Lanier, Mrs. Thomas Bregger, Mrs. John Randolph, Mrs. Pauline Boydston and Mrs. Thelma Stevens.

## MRS. E. J. ROGERS

### Miss Rogers Weds Retains Surname

No change of name was necessary when Miss Kathleen Rogers, teacher in the local school, became the bride of E. J. Rogers last Friday in Bartow at the Polk County Court House. The ceremony was performed at 4 p.m. by Judge C. M. Wiggins.

Mrs. Rogers is the daughter of Mrs. E. E. Rogers of 920 S. Florida Ave., Lakeland, and the late Mr. Rogers. She was graduated from Florida Southern College and has made her home here for the last 14 years and is a member of the high school faculty.

Mrs. Rogers, 505 Lemon St., Lakeland, is the son of Mrs. Joseph Rogers of St. Louis, Mo. He is a native of St. Louis and has spent the last several winters in Florida. He is associated with the Colonial Oil Company of Florida.

The bride wore a blue linen silk street length frock with white roses and a corsage of white roses. Mrs. Vera Jones was Mrs. Rogers' attendant. She wore a dress of orchid print silk with black accessories and a pink carnation corsage.

Everett Richardson of Lakeland was Mr. Rogers' best man. The wedding party, also Mrs. Rogers' brother and Mrs. Maude Trippes were dinner guests at the Green Parrot Restaurant.

The table was centered with a wedding cake and candelabra. Mr. Richardson was host for the dinner.

Following a wedding trip to the East Coast, the couple are now at home in Belle Glade.

C. J. Aspey is taking a three weeks vacation from his work at the Belle Glade Herald. He planned to do some fishing on the Keys. Buster Willis is taking over until his return.

Guests of Mr. and Mrs. Henry O. Earwood last week were her cousin and husband, Mr. and Mrs. Frances Ball, Jimmy Davidson, Maryn Collins, Hugh Spooner, Billy Weeks, Patty Tryon, Patty Webster, Richard Barrett, Johnny Whittemore, Frank Rieder, Cherry Pratt, Cherry Dupont, Michael Berryhill, Kent Bell, Kenneth Roder, Elton McCaskill, Jack McCaskill, Sammy Hunter, Robin Davis, Doodle Davis and Petie Parrish. Assisting the hostess were Mrs. S. N. Knight and Mrs. R. M. Davis.

Mr. and Mrs. Charlie Mapp left Thursday for their home in Forrest, Miss., after spending a week with his brother and wife, Mr. and Mrs. E. C. Mapp, on S. E. Fifth St.

## TRUTH AD

By REV. JOHN COOPER

Missing the boat by days and weeks. Yes, you read it right. The time has now come, it seems, that a lot of folk make much ado about days and weeks and in so doing literally miss the boat.

The controversy over days and weeks is not something new however.

The Apostle Paul dealt with the question in his letter to the Churches of Galatia. See what he says in Galatians 4:9, 10, 11. "But now, after that ye have known God, or rather are known of God, how turn ye again to the weak and beggarly elements, wherunto ye desire again to be brought? Ye observe days, and months, and times, and years. I am afraid of you, lest I have bestowed upon you labour in vain."

The same thing is seen in Colossians 2:16. "Let no man judge you in meat, or in drink, or in respect of an holyday, or of the new moon, or of the sabbath days."

For other references see: 1 Timothy 4:1-5, Galatians 2:21, Galatians 4:11, Galatians 2:16, Titus 3:5.

The Bible still teaches that a right relationship to God is dependent on a heart that must be right with God.

Mrs. J. W. Sheridan, Sr., of Nashville, Tenn., is visiting her cousin and husband, Mr. and Mrs. W. J. Rawls, in Indian Mound Park.

Mr. and Mrs. Ed Mikovsky have as their guests his parents, Mr. and Mrs. Edward Mikovsky of Trenton, N. J., who are here for a week.

Harley G. Morton, ramie expert, returned here from a month's business trip which included Washington, D. C., and New York City.

Mr. and Mrs. Bill Brumberg of Jacksonville were guests for several days last week of Mr. and Mrs. Bert Hopson.

## VALENTINE HEARTS BANQUET SET FEB. 2

The Valentine Hearts Banquet is set for February 2 at the church recreation hall. ## Lutherans To Hold Dedication Sunday

St. Peter's Lutheran Church of Belle Glade will dedicate their new church building on Sunday, January 29. A special afternoon service will be held and is scheduled for 3 p.m. Guest speaker for this special occasion will be the Rev. Wm. von Spreckelsen, executive secretary of the Florida-Georgia Mission Board.

The congregation also will have as guests the senior choir of Redeemer Lutheran Church, West Palm Beach. The altar services will be shared by the pastor, Rev. Walter F. Schoech and also the vicar, Ervin J. Baumbach.

St. Peter's is located at 601 West Lake Rd. in Belle Glade. This dedication service will be followed by an evening meal. During dedication week, the Lutheran church is also planning to show the film, "Martin Luther," which will be shown on Thursday, February 2, at 7:30 p.m. The members of St. Peter's Lutheran extend a cordial invitation to all on this special joyous occasion.

Robbie Parrish and Gary Higbee were honored with the special birthday by the new members welcomed in to the department were Gary Higbee and Bobby Campbell.

The Banners were presented to the 123 boys class of Mr. Markham for having a high grade of 92, second rating went to the class of 12A boys class of Mr. Vernon Jones and third to Mr. Gerry Urwin's class of 12B girls.

These for all the yearlings into this past week, for the preservation of our lives, of our strength, for the blessing of home, of love, of friendship, and for all good influences which support us in the hour of temptation.

Heavenly Father, we rejoice that amid the ceaseless cares and anxieties, the vain desires and wearisome struggles of our earthly life, Thy holy Sabbath has been given us a day of rest and refreshment of soul. We thank Thee for all Thy mercies unto us this past week, for the preservation of our lives, of our strength, for the blessing of home, of love, of friendship, and for all good influences which support us in the hour of temptation.

Nobody ever outgrows Scripture; the book widens and deepens with our years. (Charles H. Spurgeon)

## SUPPER SERVED JAN. 28 CHURCH OF GOD ANNEX

Listen, mothers, dads, and workers, if you don't feel like cooking or have time to cook Saturday, come down to the Church of God or call and we will deliver your supper to you. You can have your choice of fried chicken or ham with all the trimmings. We will also have different kind of pies for you to choose from. Donation only \$1.25.

This will be at the Church of God Annex of Belle Glade on S. E. 3rd St. and Ave. E. We will start serving at 5 o'clock. We also invite you to our Sunday School beginning at 10 o'clock, morning worship at 11 o'clock, and evening worship at 7:30 o'clock.

MYAKKA FIFTH SUNDAY SING ON JANUARY 29

The Southwest Florida Union Singing Convention will meet all day Sunday, January 29, at Myakka City, 11 a.m. to 5 p.m. Basket dinner will be held on the grounds. All who can sing are cordially invited to come and we will be furnished by the convention and they hope to have swam cabbage.

There is always a good sing at Myakka, located on Sr. 70 between Arcadia and Bradenton. Everyone is cordially invited to attend.

Dear Lord, in the midst of turmoil and stress, alert us to hear Thy voice. Give us insight that we may see what ordinary eyes cannot see, and ears to hear what ordinary ears cannot hear. Tune our hearts in harmony to Thee so that Thy will may be made manifest in us. For our Redeemer's sake. Amen.

## First Baptist Juniors Sunday School Dept.

"Feast Days and Holidays Celebrated when Jesus was a boy," was the topic for the Sunday morning devotional in the Junior department of Sunday School of the First Baptist Church.

Scriptures for the morning were Luke 2:41-42 and Exodus 12:26-27. The Passover, Juniors who had part in giving an account of the Passover, a religious holiday Jesus attended when he was 12 years old, were Beverly Kirkland, Kay Cross, Richard Barrett and Bobby Thomas.

Teachers who gave an account of two other great Jewish festivals were Mrs. Carl Hayes who told of the Feast of the Weeks or the First Fruits, and T. C. Hollingsworth told of the Feast of the Tabernacles. As a closing prayer "The Hallelujah Psalm" was read by the Juniors and the Pastor thought to be used at these feasts. This program was a continuation of the study of the everyday life Jesus knew as a boy.

Robbie Parrish and Gary Higbee were honored with the special birthday by the new members welcomed in to the department were Gary Higbee and Bobby Campbell.

The Banners were presented to the 123 boys class of Mr. Markham for having a high grade of 92, second rating went to the class of 12A boys class of Mr. Vernon Jones and third to Mr. Gerry Urwin's class of 12B girls.

**TODAY'S Meditation**

Read Matthew 18:15-20 Surely the Lord is in this place; and I know it not. (Genesis 28:16)

Once a young lady told me, "I wish God would speak to me in a dream and call me to the task of helping restore lost vitality to our church." With her church falling to pieces, she was still waiting for a heavenly voice before she would move.

Once a young lady told me, "I wish God would speak to me in a dream and call me to the task of helping restore lost vitality to our church." With her church falling to pieces, she was still waiting for a heavenly voice before she would move.

One of the tragedies of our time is the failure of a great many Christians to sense that God is speaking to us in current events and appealing to us through persons. The homeless, the drunkard, the prisoner, the juvenile delinquent, the countless lost to be won to Christ and a host of others, speak more clearly to the point than any mystic voice. They summon believers to a task of love and sacrifice.

Are we wrapped up in our own lofty ideas about Christ and His kingdom? Are we failing to see Him in events and people that come and go? Need itself is God speaking to you and me, to youth and to adults alike. His voice cannot be made much louder.

Dear Lord, in the midst of turmoil and stress, alert us to hear Thy voice. Give us insight that we may see what ordinary eyes cannot see, and ears to hear what ordinary ears cannot hear. Tune our hearts in harmony to Thee so that Thy will may be made manifest in us. For our Redeemer's sake. Amen.

Dear Lord, in the midst of turmoil and stress, alert us to hear Thy voice. Give us insight that we may see what ordinary eyes cannot see, and ears to hear what ordinary ears cannot hear. Tune our hearts in harmony to Thee so that Thy will may be made manifest in us. For our Redeemer's sake. Amen.

THOUGHT FOR THE DAY

God is speaking to us in the needs, distresses, and sorrows of others.

Ricardo E. Fernandez (Philippines)

Read Matthew 18:15-20 Surely the Lord is in this place; and I know it not. (Genesis 28:16)

Once a young lady told me, "I wish God would speak to me in a dream and call me to the task of helping restore lost vitality to our church." With her church falling to pieces, she was still waiting for a heavenly voice before she would move.

Once a young lady told me, "I wish God would speak to me in a dream and call me to the task of helping restore lost vitality to our church." With her church falling to pieces, she was still waiting for a heavenly voice before she would move.

One of the tragedies of our time is the failure of a great many Christians to sense that God is speaking to us in current events and appealing to us through persons. The homeless, the drunkard, the prisoner, the juvenile delinquent, the countless lost to be won to Christ and a host of others, speak more clearly to the point than any mystic voice. They summon believers to a task of love and sacrifice.

Are we wrapped up in our own lofty ideas about Christ and His kingdom? Are we failing to see Him in events and people that come and go? Need itself is God speaking to you and me, to youth and to adults alike. His voice cannot be made much louder.

Dear Lord, in the midst of turmoil and stress, alert us to hear Thy voice. Give us insight that we may see what ordinary eyes cannot see, and ears to hear what ordinary ears cannot hear. Tune our hearts in harmony to Thee so that Thy will may be made manifest in us. For our Redeemer's sake. Amen.

**Donna Jan Mesner Dies From Burns**

Mr. and Mrs. Ray Mesner of South Clewiston went into the L. V. Hamilton store at Bare Beach Saturday afternoon to do their weekly shopping, leaving their three-year-old daughter, Donna Jan, in their car. Upon their return to the car they found the child's clothing practically burned off of her. Matches on the floor of the car told the tragic story.

The parents were rushing the child to the hospital in Clewiston when their car broke down about half-way. They hailed Mrs. Roy Taylor of Ritta Camp who took them to the hospital. Little Donna Jan died around 10 o'clock that night.

Beside her parents she is survived by two brothers, Lewis and James, and three half sisters, Larue, Marie, and Mary; her maternal grandmother, Mrs. Edna Byrd, paternal grandmother, Mrs. Letha Hobermale, Berkeley Springs, W. Va., and her paternal grandfather, Patrick Sanford Mesner, Hancock, Md. Funeral services were held at the Futch Funeral Home at 2:30 Tuesday afternoon, and burial took place at the Ridgeview Cemetery at Clewiston. The Rev. Victor Turner of the South Clewiston Baptist Church officiated.
